

Technical Data Sheet

PREMIUM Collection

Reference:	Riga
Construction:	multi-layer/three-layer parquet 1-strip cottage plank T & G profile 1 mm bevel 4-sides
According standard	EN 14342:2013
Species:	Riga
Grade:	rustic
Surface:	sanded / brushed oiled
Finish:	UV laquer / natural oiled
Length:	1900mm
Width:	190mm
Wear layer:	approx 4,0mm
Thickness:	15 mm
Hardness (Brinell):	approx. 34N/mm2
Moisture content:	8,4 % (+-2)
Fire resistance class (EN13501):	Dfl - s1 (normally inflammable) according to EN 14342:2005+A1:2008
Heat transmission resistance:	approx. 0,14 m2 K/W suitable for floor heating-system max. 26°C temperature on sreed surface
Quantity per pack:	8 layers / pack = 2,89m2 short length < 1,50m are possible
Quantity per pallet:	40 pack / pallet = 115,60m2
Emission of formaldehyde:	class E1 (<0,1 ppm)
Surface treatment:	UV / oxidative curing oil
Several renovations of the wear layer are possible	

October 2016
